

Oct-21-2014

Note Title

8/28/2014

- Network simulation

⊙ Pseudorandom  
inputs

+ Like doing an EX experiment

- Observations are correlated
- Use replication to get S.I sample

- Transition time at start

Delete observations  $0 < t < T_b$

+ Verification

+ Validation

+ May tools are available

+ Guidelines  $\rightarrow$  Plan for success
